Haunted all her life by feelings of terror and emptiness, forty-nine-year-old Urania Cabral returns to her native Dominican Republic - and finds herself reliving the events of 1961, when the

capital was still called Trujillo City and one old man terrorized a nation of three million. Rafael Trujillo, the depraved ailing dictator whom Dominicans call the Goat, controls his inner circle with a combination of violence and blackmail. In Trujillo's gaudy palace, treachery and cowardice have become a way of life. But Trujillo's grasp is slipping. There is a conspiracy against him, and a Machiavellian revolution already underway that will have bloody consequences of its own. In this 'masterpiece of Latin American and world literature, and one of the finest political novels ever written' (Bookforum), Mario Vargas Llosa recounts the end of a regime and the birth of a terrible democracy, giving voice to the historical Trujillo and the

victims, both innocent and complicit, drawn into his deadly orbit.

Most recent books about Chiapas,

Mexico, focus on political conflicts and the indigenous movement for human rights at the macro level. None has explored those conflicts and struggles in-depth through an individual woman's life story. *The Journey of a Tzotzil-Maya Woman of Chiapas*, Mexico now offers that perspective in one woman's own words. Anthropologist Christine Eber met "Antonia" in 1986 and has followed her life's journey ever since. In this book, they recount Antonia's life story and also reflect on challenges and rewards they have experienced in working together, offering insight into the role of friendship in anthropological research, as well as into the transnational movement of solidarity with the indigenous people of Chiapas that began with the Zapatista uprising. Antonia was born in 1962 in

San Pedro Chenalhó, a Tzotzil-Maya township in highland Chiapas. Her story begins with memories of childhood and progresses to young adulthood, when Antonia began working with women in her community to form weaving cooperatives while also becoming involved in the Word of God, the progressive Catholic movement known elsewhere as Liberation Theology. In 1994, as a wife and mother of six children, she joined a support base for the Zapatista Army of National Liberation. Recounting her experiences in these three interwoven movements, Antonia offers a vivid and nuanced picture of working for social justice while trying to remain true to her people's traditions.

The Boy Who Was Raised as a Dog

Farrar, Straus and Giroux

It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leonidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—"The Butterflies." In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from hair ribbons and secret crushes to gunrunning and prison torture, and to

describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human cost of political oppression.

The Shadow of the Wind Random House Trade Paperbacks

North and South is a novel by Elizabeth Gaskell, first published in book form in 1855 originally appeared as a twenty-two-part weekly serial from September 1854 through January 1855 in the magazine Household Words, edited by Charles Dickens. The title indicates a major theme of the book: the contrast between the way of life in the industrial north of England and the wealthier south, although it was only under pressure from her publishers that Gaskell changed the title from its original, Margaret Hale. The book is a social novel that tries to show the industrial North and its conflicts in the mid-19th century as seen by an outsider,

a socially sensitive lady from the South. The heroine of the story, Margaret Hale, is the daughter of a Nonconformist minister who moves to the fictional industrial town of Milton after leaving the Church of England. The town is modeled after Manchester, where Gaskell lived as the wife of a Unitarian minister. Gaskell herself worked among the poor and knew at first hand the misery of the industrial areas. The change of lifestyle shocks Margaret, who sympathizes deeply with the poverty of the workers and comes into conflict with John Thornton, the owner of a local mill, also a friend of her father. After an encounter with a group of strikers, in which Margaret attempts to protect Thornton from the violence, he proposes to her, telling her that he is in love with her; she

rejects his proposal of marriage, mainly because she sees it as if it were out of obligation for what she had done. Later, he sees her with her fugitive brother, whom he mistakes for another suitor, and this creates further unresolved conflict. Margaret, once she believes she has lost his affection, begins to see him in another light, and eventually they are reunited.

A literary sensation and runaway bestseller, this brilliant debut novel tells with seamless authenticity and exquisite lyricism the true confessions of one of Japan's most celebrated geisha. Nominated as one of America's best-

loved novels by PBS's *The Great American Read* Speaking to us with the wisdom of age and in a voice at once haunting and startlingly immediate, Nitta Sayuri tells the story of her life as a geisha. It begins in a poor fishing village in 1929, when, as a nine-year-old girl with unusual blue-gray eyes, she is taken from her home and sold into slavery to a renowned geisha house. We witness her transformation as she learns the rigorous arts of the geisha: dance and music; wearing kimono, elaborate makeup, and hair; pouring sake to reveal just a touch of inner wrist; competing with a jealous rival for men's solicitude and the money that goes with it. In *Memoirs of a Geisha*, we enter a world where appearances are paramount; where a girl's virginity is auctioned to

the highest bidder; where women are trained to beguile the most powerful men; and where love is scorned as illusion. It is a unique and triumphant work of fiction—at once romantic, erotic, suspenseful—and completely unforgettable.

NEW YORK TIMES BESTSELLER • NOW A TNT ORIGINAL SERIES • “A first-rate tale of crime and punishment that will keep readers guessing until the final pages.”—*Entertainment Weekly* “Caleb Carr’s rich period thriller takes us back to the moment in history when the modern idea of the serial killer became available to us.”—*The Detroit News*

When *The Alienist* was first published in 1994, it was a major phenomenon, spending six months on the New York Times bestseller list, receiving critical acclaim, and selling millions of copies. This modern classic continues to be a touchstone of historical suspense fiction for readers everywhere. The year is 1896. The city is New York. Newspaper reporter John Schuyler Moore is summoned by his friend Dr. Laszlo Kreizler—a psychologist, or “alienist”—to view the horribly mutilated body of an adolescent boy abandoned on the unfinished Williamsburg Bridge. From there the two embark on a revolutionary effort in criminology: creating a psychological profile of the perpetrator based on the details of his crimes. Their dangerous quest takes them into the

tortured past and twisted mind of a murderer who will kill again before their hunt is over. Fast-paced and riveting, infused with historical detail, *The Alienist* conjures up Gilded Age New York, with its tenements and mansions, corrupt cops and flamboyant gangsters, shining opera houses and seamy gin mills. It is an age in which questioning society’s belief that all killers are born, not made, could have unexpected and fatal consequences. Praise for *The Alienist* “[A] delicious premise . . . Its settings and characterizations are much more sophisticated than the run-of-the-mill thrillers that line the shelves in bookstores.”—*The Washington Post Book World* “Mesmerizing.”—*Detroit Free Press* “The method of the hunt and the disparate team of hunters lift the tale

beyond the level of a good thriller—way beyond. . . . A remarkable combination of historical novel and psychological thriller.”—The Buffalo News

“Engrossing.”—Newsweek “Gripping, atmospheric . . . intelligent and

entertaining.”—USA Today “A high-spirited, charged-up and unfailingly smart thriller.”—Los Angeles Times

“Keeps readers turning pages well past their bedtime.”—San Francisco Chronicle
The Invention of Solitude University of Texas Press

One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical

town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential

and comical, One Hundred Years of Solitude weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Martin

Scorsese and starring Leonardo DiCaprio
 By day he made thousands of dollars a minute. By night he spent it as fast as he could. From the binge that sank a 170-foot motor yacht and ran up a \$700,000 hotel tab, to the wife and kids waiting at home and the fast-talking, hard-partying young stockbrokers who called him king, here, in Jordan Belfort's own words, is the story of the ill-fated genius they called the Wolf of Wall Street. In the 1990s, Belfort became one of the most infamous kingpins in American finance: a brilliant, conniving stock-chopper who led his merry mob on a wild ride out of Wall Street and into a massive office on Long Island. It's an extraordinary story of greed, power, and excess that no one could invent: the tale of an ordinary guy who went from hustling Italian ices to

making hundreds of millions—until it all came crashing down. Praise for *The Wolf of Wall Street* “Raw and frequently hilarious.”—*The New York Times* “A rollicking tale of [Jordan Belfort’s] rise to riches as head of the infamous boiler room Stratton Oakmont . . . proof that there are indeed second acts in American lives.”—*Forbes* “A cross between Tom Wolfe’s *The Bonfire of the Vanities* and Scorsese’s *GoodFellas* . . .
