Odyssey Kids Can Press Ltd
A comprehensive treatment of the Classical World in film and television, A Companion to Ancient Greece and Rome on Screen closely examines the films and TV shows centered on Greek and Roman cultures and explores the tension between pagan and Christian worlds. Written by a team of experts in their fields, this work considers productions that discuss social settings as reflections

of their times and as indicative of the technical advances in production and the economics of film and television. Productions included are a mix of Hollywood and European spanning from the silent film era though modern day television series, and topics discussed include Hollywood politics in film, soundtrack and sound design, high art and low art, European art cinemas, and the ancient world as comedy. Written for students of film and television as well as those interested in studies of ancient Rome and Greece, A Companion to Ancient Greece and Rome on Screen

provides comprehensive, current thinking on how the depiction of Ancient Greece and Rome on screen has developed over the past century. It reviews how films of the ancient world mirrored shifting attitudes towards Christianity, the impact of changing techniques in film production, and fascinating explorations of science fiction and technical fantasy in the ancient world on popular TV shows like Star Trek, Babylon 5, Battlestar Galactica, and Dr. Who.

Democracy Universal-Publishers
For anyone from the effortlessly erudite to those who think that a myth is a female moth, it's extremely handy to know about Greek myths. Not only are they everywhere - books, films, language, the collective subconscious - it

will also make you look clever. Now from Jason and the Argonauts to Helen of Troy (via Achilles' Heel), all the essential myths - plus a few brilliant but less well-known ones - have been condensed in one hilarious volume. Featuring eye-gouging, baby-eating, liver-pecking and wooden horses, these are some of the most exciting and satisfying tales ever told . . . from the stories that created Heroes, invented Amazons, and brought you the Cyclops, centaurs and ladies with snakes in their hair. Written by Tracey Turner and illustrated by celebrated cartoonist Sally Kindberg. *Life in Ancient Greece Coloring Book* Graphic Universe™
A fantastic comic-book collaboration between the artist Rosanna Bruno and the poet Anne Carson, based on

Euripides's famous tragedy Here is a new comic-book version of Euripides's classic *The Trojan Women*, which follows the fates of Hekabe, Andromache, and Cassandra after Troy has been sacked and all its men killed. This collaboration between the visual artist Rosanna Bruno and the poet and classicist Anne Carson attempts to give a genuine representation of how human beings are affected by warfare. Therefore, all the characters take the form of animals (except Cassandra, whose mind is in another world).

Ancient Greece A TOON Graphic

When Joshua Cross is ten it is the startling appearance of a monstrous Centaur chasing him along the Thames Embankment that first alerts him to the

danger in which he and his friends are caught up. On the London Eye they avoid a near-death confrontation with the Centaur's master, Leirtod. Ages 10-15.

The Comic Strip Greatest Greek Myths A&C Black

Two thousand years of legend and lore about the menace and majesty of dragons, which have breathed fire into our imaginations from ancient Rome to *Game of Thrones* A Penguin Classic The most popular mythological creature in the human imagination, dragons have provoked fear and fascination for their lethal venom and crushing coils, and as avatars of the Antichrist, servants of Satan, couriers of the damned to Hell, portents of disaster, and harbingers of the last days. Here are accounts

spanning millennia and continents of these monsters that mark the boundary between the known and the unknown, including: their origins in the deserts of Africa; their struggles with their mortal enemies, elephants, in the jungles of South Asia; their fear of lightning; the world's first dragon slayer, in an ancient collection of Sanskrit hymns; the colossal sea monster Leviathan; the seven-headed "great red dragon" of the Book of Revelation; the Loch Ness monster; the dragon in Beowulf, who inspired Smaug in Tolkien's *The Hobbit*; the dragons in the prophecies of the wizard Merlin; a dragon saved from a centipede in Japan who gifts his human savior a magical bag of rice; the supernatural feathered serpent of ancient Mesoamerica; and a flatulent dragon the

size of the Trojan Horse. From the dark halls of the Lonely Mountain to the blue skies of Westeros, we expect dragons to be gigantic, reptilian predators with massive, bat-like wings, who wreak havoc defending the gold they have hoarded in the deep places of the earth. But dragons are full of surprises, as is this book. For more than seventy-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 2,000 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date

translations by award-winning translators.

Joshua Cross Rutgers University Press

This graphic novel tells the story of Demeter, the Greek goddess of the harvest, and her daughter, Persephone. Demeter rules over a perpetual summer on earth, where crops, trees, and flowers grow in abundance. Persephone, young and beautiful, unknowingly attracts the attention of the lonely god of the Underworld, Hades. Hades kidnaps Persephone, and a frantic Demeter searches in vain for her daughter. Finally, Demeter retreats to her temple in mourning. The goddess's sorrow causes the crops to die and the ground to freeze. The first winter falls over Greece. As people begin to starve, the other Olympian gods and goddesses try

to convince Demeter to accept a marriage between Persephone and Hades. But Demeter will not give up her daughter forever to the Underworld. Finally a compromise is struck: Persephone will stay with Hades for half a year (winter). When she comes back from the Underworld to spend half a year with her mother, spring returns to earth. *Frontiers of Language and Teaching: Proceedings of the 2010 International Online Language Conference (IOLC 2010)* Graphic Universe™

The Greek myths are some of the oldest and most famous stories in the world. This striking new comic-book collection is the perfect introduction to the world of the gods - containing eight tales full of love, loss, greed, envy and bravery. From the mighty Zeus to Pandora and

her little box of horrors, James Davies' retelling of the Greek myths breathe new life into these classic stories.

Comic Invective in Ancient Greek and Roman Oratory

Toon Graphics
Greek comedy offers a unique insight into the reality of life as a slave, giving this disenfranchised group a 'voice'.

Wonder Woman's Book of Myths Graphic Universe

This book offers a coherent narrative of the politico-military history of ancient Greece. It commences with the necessarily approximate course of events in Bronze and early Iron Age, as estimated by the most reliable scholarship plus the legendary accounts of this period. From the Persian Wars onwards, a year-by-year chronology is constructed from the ancient historical

sources. Where possible a day-by-day narrative is given. The geographical scope expands as the horizons of the Greek world and colonization expanded with reference to developments in politico-military events in the Middle Eastern (and later Italian) states that came into contact with Greek culture. From the expansion of the Greek world across the region under Alexander, the development of all the relevant Greek/Macedonian states is covered. The text is divided into events per geographical area for each date, cross-referencing where needed. Detailed accounts are provided for battles and political crises where the sources allow this, and where not much is known for certain the different opinions of historians are referenced en route. The

result is a coherent, accessible and accurate reference to what happened and when.

Comic Book Movies University of Chicago Press

Considers how ancient Greek comedy offers a model for present-day politics. With *Democratic Swarms*, Page duBois revisits the role of Greek comedy in ancient politics, considering how it has been overlooked as a political medium by modern theorists and critics. Moving beyond the popular readings of ancient Greece through the lens of tragedy, she calls for a revitalized look at Greek comedy. Rather than revisiting the sufferings of Oedipus and his family or tragedy's relationship to questions of sovereignty, this book calls for comedy—its laughter, its free speech, its

wild swarming animal choruses, and its rebellious women—to inform another model of democracy. Ancient comedy has been underplayed in the study of Greek drama. Yet, with the irrepressible energy of the comic swarm, it provides a unique perspective on everyday life, gender and sexuality, and the utopian politics of the classical period of Athenian democracy. Using the concepts of swarm intelligence and nomadic theory, duBois augments tragic thought with the resistant, utopian, libidinous, and often joyous communal legacy of comedy, and she connects the lively anti-authoritarianism of the ancient comic chorus with the social justice movements of today.

The Ancient Greeks McFarland

This book examines comic book

adaptations of Aristophanes' plays in order to shed light on how and why humour travels across cultures and time. Forging links between modern languages, translation and the study of comics, it analyses the Greek originals and their English translations and offers a unique, language-led research agenda for cultural flows, and the systematic analysis of textual norms in a multimodal environment. It will appeal to students and scholars of Modern Languages, Translation Studies, Comics Studies, Cultural Studies and Comparative Literature.

Theseus and the Minotaur Kings Road Publishing

There's so much to digest when it comes to History - how do you know where to begin? These incredible short

introductions are just the thing for readers who are beginning to explore ancient history. Get to know the basics on Ancient Rome from gladiators to day to day life, with easy-to-digest, humorous text that is reminiscent of the bestselling Horrible Histories series. James Davies' stunning artwork and infographics provide a fresh nonfiction approach that is sure to captivate young readers.

A Chronology of Ancient Greece Templar Publishing

From the team behind the international phenomenon *Logicomix* -which was on the New York Times bestseller list for ten weeks, won numerous international prizes, and to date has been sold into more than twenty-five languages-comes a new graphic novel, *Democracy*, written

and illustrated by Alecos Papadatos and in collaboration with Abraham Kawa. Democracy opens in 490 B.C., when Athens is at war. The hero of the story, Leander, is trying to rouse his comrades for the morrow's battle against a far mightier enemy. Leander begins to recount his own life, bearing direct witness to the evils of the old tyrannical regimes and to the birth of a new political system. The story that emerges, of the death of the gods and the tortuous birth of democracy, is crammed with extraordinary characters and tells in incident and vivid detail how this greatest of civic inventions came about. We see that democracy was born through a combination of chance and historical contingency-but also through the cunning, courage, and willful action

of a group of highly talented and driven individuals.

Robot BRILL

DC Comics' super heroine introduces young readers to the world of mythology by introducing the gods and goddesses of classical Greek myth that appear in her parallel, but separate, comic book world. Illustrations.

Demeter & Persephone Springer

In graphic novel format, retells the classic myth where Jason, in order to gain a kingship rightfully his, must voyage and return with the Golden Fleece.

Orpheus in the Underworld 24 Ore Cultura

In graphic novel format, retells the story of how King Polydectes planned to get rid of young Perseus so he could wed his

mother, Danae, by tricking him into slaying Medusa--a snake-haired monster whose look turns humans into stone.

Heroes Masked and Mythic Graphic Universe

Learn everything you need to know about the Ancient Greeks, and some of the things they'd rather you didn't find out! Packed full of facts and witty asides, this book, which includes a fold-out map and timeline, uses comic strips to explore a different theme or topic on every spread. Created by graphic novelist Isabel Greenberg and her sister, Imogen Greenberg, the Discover... series offers a fresh and accessible entry point to history for children 8+.

Religion and Art in Ancient Greece

Bloomsbury UK

A unique retelling of Greek mythological

tales featuring love, betrayal, murder and ruthless ambitions—for fans of George R. R. Martin's *Game of Thrones*. Discover six classic Greek myths in this exciting retelling that paints both famous and lesser-known characters in a whole new light. Follow the likes of Odysseus, Lamia, Bellerophon, Icarus, Medusa and Artemis as their fates are revealed through bloody trials, gut-wrenching betrayals, sinister motives and broken hearts. With an accessible writing style that delves into the thoughts, feelings, desires, and motivations of every character, these mythical figures and their compelling stories will resonate with readers as they are guided through perilous and tragic adventures. *Greek Mythology Explained* provides an in-depth analysis of each

story told as it unravels the greater themes and valuable lessons hidden within each chapter. Inside these pages, you'll . . . Sail with Odysseus as he navigates through the straits of Messina with a terrifying monster on each side, intent only on killing him and his crew. Witness Lamia's world turned upside down as she loses her kingdom, her children and her humanity. Journey with Bellerophon as he battles the Chimera and becomes the hero that he was destined to be. Take flight with Icarus and Daedalus as they escape their confinement and the Cretan navy. Follow Medusa as she loses faith in the gods and becomes the monster she so adamantly wished to protect her people from. Experience the love between Artemis and Orion, as well as the bitter

jealousy it spawns at the core of her brother Apollo.

A Companion to Ancient Greece and Rome on Screen Dk Pub

This collection is comprised of papers submitted to the 3rd International Online Language Conference (IOLC) held in September 2010. IOLC 2010 was a two-day conference which aimed to provide a forum for academics, practitioners, experts and students to debate current international issues and challenges in the broad area of language learning and teaching. This annual world-renowned conference takes place over the internet, allowing participants to save accommodation and flight expenses and at the same time helping to save our planet by reducing CO2 emissions. All submitted papers went through a double

blind review process before a decision was made. This was to ensure the quality level of the conference is kept high.
