 The Snail Soup Can Decoy to keep the candy stash safe. The Customizable “Keep Out” Sign to deter meddlesome siblings and parents. A Bunk Bed Communicator made from cardboard tubes (“Psst! No screens, no hi-tech gadgetry. Made by Dad

combines the rough-edged, handmade ethos of a Boy Scout manual or The Dangerous Book for Boys with a sly sense of humor that kids love. Scott Bedford, a creative director by day and Webby Award-winning blogger by nights and weekends, wields an X-ACTO knife, magic marker, and prodigious imagination to create endlessly delightful projects for his two sons. He knows that kids like contraptions and gadgets, things that are surprising—a chair that appears to be balanced on eggshells. Things that are complex—a multilevel city, with buildings, tunnels, and roads, built from old boxes around the legs of a table. And especially things with humor—the Snappy Toast Rack, made to resemble a crocodile’s gaping mouth. The projects are shown in full-color photographs, and the instructions are illustrated in detailed line drawings that exude personality. Some are quick and simple enough to be done in a coffee shop; others are more of an afternoon project—yielding hours and hours of rich, imaginative playtime.

A cult classic, *The Manly Art of Knitting* was originally published in 1972, but has been out of print for decades. Fougner initially published this book in the hope that it would encourage men to take up knitting, or those who did, would openly embrace it. In this amusing, yet practical guide to knitting, Dave Fougner provides a step-by-step guide for beginners as well as those taking up the needles again. Containing all of the original black and white illustrations and photographs, you cant help but smile at the shots of well-worked hands delicately knitting a blanket for a dog, horse or female companion. Chapters include: basics, pattern stitches (garter, stockinette, purl, rib,

moss, rise, and basket weave), projects, and problems. Fougner proclaims, Only a man would knit a hammock with shovel handles for needles and manila rope for yarn. Who are we to argue.
