Compare the vocabulary, pronunciation, and grammar of MSA and 14 dialects (Algerian, Bahraini, Egyptian, Iraqi, Jordanian, Lebanese, Moroccan, Palestinian, Qatari, Saudi (Hejazi), Sudanese, Syrian, Tunisian, and Yemeni). Free audio downloads available at www.lingualism.com/ava If you're learning Arabic, you've probably started with Modern Standard Arabic (MSA). Or perhaps a dialect? You might be learning both MSA and a dialect (or two!) in tandem. And you're certainly aware that there are many more dialects out there. It may seem daunting. But just how similar and different are they from one another? If you're curious, this book is for you. Arabic vs. Arabic: A Dialect Sampler lets you explore the vocabulary, pronunciation, and grammar of 15 varieties of Arabic (14 dialects and MSA) through tables with notes and free, downloadable accompanying audio. You can go through the tables in order or skip around the book to see what catches your attention. The book really is meant to be a sampler platter to give you a taste of each dialect and a better understanding of just how varied the various varieties of Arabic are. The layout encourages the self-discovery method of learning. While the notes under many tables identify points of interest, you are encouraged to find patterns, exceptions, innovative features of dialects, and universals by studying the tables and listening to the audio tracks.

500 QUESTIONS AND ANSWERS ON THE WORLD'S MOST MISINTERPRETED RELIGION Fully revised first edition. Islamic history and anecdotes are part of everyday conversation in the Arab world. This book provides a fascinating journey into one of the biggest and probably most misinterpreted religions via anecdotes and facts about Islam and its history, the Qur'an, the prophet Muhammad and his traditions, the Dos and Don'ts for Muslims, and how Islam spread around the world, summarised in 500 questions and answers, which the author has derived from his own experiences. The author has lived in North Africa and the Middle East for ten years and immersed himself in Islamic culture and society. He gradually learned the things kids in the Arab world already know, but most people in other parts of the world never heard of, by talking to his neighbours, teachers, scholars and ordinary people in the street. This book explains Islam in its complexity. The author also addresses current topics: Islam in the West, women's issues and Jihad. It can be read without knowing Arabic. However, the author provides the fully vocalised Arabic source in addition to the English translation, which may be beneficial for Arabic speaking readers.

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which

were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, *Time*), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by *The New York Times*, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of *The Daily Show* began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. *Born a Crime* is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconventional, unconditional love.

Under the Israeli occupation of the '70s and '80s, writers in Gaza had to go to considerable lengths to ever have a chance of seeing their work in print. Manuscripts were written out longhand, invariably under pseudonyms, and smuggled out of the Strip to Jerusalem, Cairo or Beirut, where they then had to be typed up. Consequently, fiction grew shorter, novels became novellas, and short stories flourished as the city's form of choice. Indeed, to Palestinians elsewhere, Gaza became known as 'the exporter of oranges and short stories'. This anthology brings together some of the pioneers of the Gazan short story from that era, as well as younger exponents of the form, with ten stories that offer glimpses of life in the Strip that go beyond the global media headlines; stories of anxiety, oppression, and violence, but also of resilience and hope, of what it means to be a Palestinian, and how that identity is continually being reformed; stories of ordinary characters struggling to live with dignity in what many have called 'the largest prison in the world'.

Two-time Newbery medalist Lois Lowry has crafted a beautiful picture book about the power of longing and the importance of reconnection between a girl and her father in post-WWII America. This is the story of young Liz, her father, and their strained relationship. Dad has been away at WWII for longer than she can remember, and they begin their journey of reconnection through a hunting shirt, cherry pie, tender conversation, and the crow call. This allegorical story shows how, like the birds gathering above, the relationship between the girl and her father is graced with the chance to fly.

An English Translation of Nahw Meer for the student of Arabic Grammar by Meer Syed Shareef Abul Hasan Bin Mohammed Al-Jurjani (RA). Ilm un Nahw is that science which teaches us how to join Nouns, Verbs and Particles to form a complete sentence and what the vowel of the last letter of each word should be. This science started from the time of Omar bin Al-Khattab (RA) when one of the bedouins read part of the Ayah 3 of Surah At-Tauba with a Kasrah at the very end as rasulihī instead of Dammah as in rasuluhu. This changed the meaning from "that Allah and His prophet are free from obligations to the polytheists" to "that Allah is free from obligations to the polytheists and His prophet". The bedouin said if Allah dissolves His obligations to His prophet, so do I. After this incidence, Omar (RA) ordered that rules of Nahw be created. Why this book? First Meer Ali ibn Mohammed Al-Jurjani, the Author of Nahw Meer, does not need any introduction. His masterful book has been in use for centuries mostly in its original language of Persian and its Arabic and Urdu translations and it is taught in many schools in Indian subcontinent and other parts of the world. I felt, that there is a need for a literal translation in today's English for those of us who are more comfortable with it.

Involving the power of a djinn, poisoned dates, seven dwarf sisters-in-faith, and a mysterious old peddler woman in the woods wearing a face veil, this lyrically told story offers a unique twist on this fairy tale, whilst keeping the classic much-loved story intact, including a hateful and vain stepmother, a considerate huntsman, and a charming prince. Set in the heady snow-strewn woodlands of Anatolia by the illustrator Shireen Adams, this tale of flight, friendship, and forgiveness is richly detailed and beautifully brought to life. *Snow White* is the second book in the Islamic Fairy Tales series, which looks to offer meaningful and faithful variants of these popular worldwide stories. Fawzia Gilani has worked as a teacher, librarian, and school principal in the United Kingdom, United States, and Canada since 1993. She is the author of thirty children's books, mostly on the topic of Eid.

The world's most infamous hacker offers an insider's view of the low-tech threats to high-tech security Kevin Mitnick's exploits as a cyber-desperado and fugitive form one of the most exhaustive FBI manhunts in history and have spawned dozens of articles, books, films, and documentaries. Since his release from federal prison, in 1998, Mitnick has turned his life around and established himself as one of the most sought-after computer security experts worldwide. Now, in *The Art of Deception*, the world's most notorious hacker gives new meaning to the old adage, "It takes a thief to catch a thief." Focusing on the human factors involved with information security, Mitnick explains why all the firewalls and encryption protocols in the world will never be enough to stop a savvy grifter intent on rifling a corporate database or an irate employee determined to crash a system. With the help of many fascinating true stories of successful attacks on business and government, he illustrates just how susceptible even the most locked-down information systems are to a slick con artist impersonating an IRS agent. Narrating from the points of view of both the attacker and the victims, he explains why each attack was so successful and how it could have been prevented in an engaging and highly readable style reminiscent of a true-crime novel. And, perhaps most importantly, Mitnick offers advice for preventing these types of social engineering hacks through security protocols, training programs, and manuals that address the human element of security.

#1 Wall Street Journal Bestseller Instant New York Times Bestseller A game-changing approach to marketing, sales, and advertising. Seth Godin has taught and inspired millions of entrepreneurs, marketers, leaders, and fans from all walks of life, via his blog, online courses, lectures, and bestselling books. He is the inventor of countless ideas that have made their way into mainstream business language, from Permission Marketing to Purple Cow to Tribes to The Dip. Now, for the first time, Godin offers the core of his marketing wisdom in one compact, accessible, timeless package. This is Marketing shows you how to do work you're proud of, whether you're a tech startup founder, a small business owner, or part of a large corporation. Great marketers don't use consumers to solve their company's problem; they use marketing to solve other people's problems. Their tactics rely on empathy, connection, and emotional labor instead of attention-stealing ads and spammy email funnels. No matter what your product or service, this book will help you reframe how it's presented to the world, in order to meaningfully connect with people who want it. Seth employs his signature blend of insight, observation, and memorable examples to teach you: * How to build trust and permission with your target market. * The art of positioning--deciding not only who it's for, but who it's not for. * Why the best way to achieve your goals is to help others become who they want to be. * Why the old approaches to advertising and branding no longer work. * The surprising role of tension in any decision to buy (or not). * How marketing is at its core about the stories we tell ourselves about our social status. You can do work that matters for people who care. This book shows you the way.

"I've found very little about private detective R. F. Jackaby to be standard in the time I've known him. Working as his assistant tends to call for a somewhat flexible relationship with reality . . ." In 1892, New Fiddleham, New England, things are never quite what they seem, especially when Abigail Rook and her eccentric employer, R. F. Jackaby, are called upon to investigate the supernatural. First, members of a particularly vicious species of shape-shifters disguise themselves as a litter of kittens. A day later, their owner is found murdered, with a single mysterious puncture wound to her neck. Then, in nearby Gad's Valley, dinosaur bones from a recent dig go missing, and an unidentifiable beast attacks animals and people, leaving their mangled bodies behind. Policeman Charlie Cane, exiled from New Fiddleham to the valley, calls on Abigail for help, and soon Abigail and Jackaby are on the hunt for a thief, a monster, and a murderer. *Beastly Bones*, the second installment in the series, delivers the same quirky humor and unforgettable characters as Jackaby, the book the Chicago Tribune called "Sherlock Holmes crossed with Buffy the Vampire Slayer."
