 The fifth adventure in the enormously popular Dory Fantasmagory series takes on the tried-and-true theme of childhood friendships, and turns it on its head, Dory-style. When her big sister Violet has friend trouble at school, Dory tries to come to her rescue. But Dory's active imagination takes over, and she is sure that Violet's lost treasure (a friendship

bracelet) has something to do with pirates. In search of the treasure, Dory meets up with a real pirate crew and finds that a pirate's life is harder than she thought. At sea, Dory longs for her imaginary friend Mary. But Mary has gone off with an exciting new friend of her own and Dory is crushed with jealousy. Just when things can't get any worse, Dory's old enemy, Mrs. Gobble Gracker shows up and Dory's ocean adventure takes a surprising turn. There's a ton of treasure in Dory's fifth adventure as Dory mixes in pirates, pals (real and make-believe), and her own imagination into one wild and wet free-for-all.

Every December an envelope bearing a stamp from the North Pole would arrive for J.R.R. Tolkien's children. Inside would be a letter in a strange, spidery handwriting and a beautiful colored drawing or painting. The letters were from Father Christmas. They told wonderful tales of life at the North Pole: how the reindeer got loose and scattered presents all over the place; how the accident-prone North Polar Bear climbed the North Pole and fell through the roof of Father Christmas's house into the dining room; how he broke the Moon into four pieces and made the Man in it fall into the back garden; how there were wars with the troublesome horde of goblins who lived in the caves beneath the house, and many more. No reader, young or old, can fail to be charmed by Tolkien's inventiveness in this classic holiday treat.
