The Minor Prophets Presbyterian Publishing Corp
 Zechariah, written to encourage the remnant of Israel struggling to follow the Lord, looks ahead to the eventual triumph of God's people and the coming of the Messiah. It contains many prophecies about Messiah, His life on earth, His millennial reign, and the salvation He would bring--so many in fact that it has been called the "Revelation of the Old Testament." In this easy-to-read, easy-to-use commentary, J. Carl Laney takes you through these prophecies carefully, giving you guidelines for interpreting apocalyptic literature and enriching your understanding of the times in which Zechariah lived. With this Everyman's Bible Commentary as your guide, you can discover rich truths about the Lord Jesus Christ found in the minor prophets. Use it in your personal study or as the basis of group or Sunday school study. *The Ugly Truth about the Anti-defamation League* Bloomsbury Publishing USA

For thousands of years, our world has been shaped by biblical monotheism. But its hallmark—a distinction between one true God and many false gods—was once a new and radical idea. *Of God and Gods* explores the revolutionary newness of biblical theology against a background of the polytheism that was once so commonplace. Jan Assmann, one of the most distinguished scholars of ancient Egypt working today, traces the concept of a true religion back to its earliest beginnings in Egypt and describes how this new idea took shape in the context of the older polytheistic world that it rejected. He offers readers a deepened understanding of Egyptian polytheism and elaborates on his concept of the "Mosaic distinction," which conceives an exclusive and emphatic Truth that sets religion apart from beliefs shunned as superstition, paganism, or heresy. Without a theory of polytheism, Assmann contends, any adequate understanding of monotheism is impossible. Christian Faith Progressivepress.com

The Saga of the Aryan Race is a historical epic about the origins of the Aryan people. The Saga chronicles the ancient Indo-Europeans of twenty thousand years ago, who proudly called themselves the Aryans - the Noble Ones. They were the first worshippers of Ahura Mazda, the name of God in the ancient Aryan tongue of Avestan. The Saga is a work of historical fiction based on Zoroastrian scriptures. Volumes I and II speak of the early days of the Aryans in the ancestral homeland Airyane

Vaejahi, the seedland of the Aryans, and the great migrations to Iran, land of the Aryans. Volumes III, IV and V carry on with the childhood and youth of the first Aryan prophet, Asho Zarathustra, his revelations from the Creator Ahura Mazda and his divine mission to rejuvenate the ancient religion in Iran. Ancient Avestan words and concepts from sacred texts such as the Gathas, Vendidad, and Yashts, are woven into the story in a way that makes these lofty ideals easy to understand. This is a wonderful legend from the time of the Aryan ancestors that is little known in the Western world. The author, Porus Homi Havewala, born in India, is descended from the Aryan forefathers who settled in Iran. A group of Aryans, known as Parsi Zoroastrians, migrated to India after the Arab conquest of Iran in order to preserve their ancient Aryan religion. The aim of the author in writing this book is to inspire his fellow Aryan Zoroastrians, especially the young, with faith and righteous pride in their religion, like their Aryan ancestors in ancient times, as well as to educate others about the remarkable history and beliefs of the Aryan peoples.

DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Unclean Lips Ravenio Books

Donald Trump's purported reference to "Sh*thole Countries" has captured the (outraged) attention of the global community. And while there is some dispute as to whether or not the President uttered those exact words, what is not disputed is that the US President derided certain countries while discussing US immigration policy reform, suggesting that the US should have more immigrants from countries like Norway. How the US Creates Sh*thole Countries seizes this unique moment of global focus on the world's most suffering countries to address some causative factors, and the extent to which their lamentable state is not of their doing. It questions the legitimacy, means and ends of US interventions in their domestic affairs in pursuit of its "interests", which the US then regards as matters of national security. And from there it proceeds to other questions: Why and how does a

country become a US target? What socio-economic, political and military policies— overt and covert—does the US undertake to bring the victim country into line? What are the results for the targeted countries? For US citizens, who have little idea what is going on, but are footing the bill? The seasoned analysts contributing to this book come from all walks of life and every shade of the political spectrum. Some have held high positions in government or at the United Nations; some taught or teach at prestigious universities; some are in forced exile because of their political beliefs and the exercise of their Constitutional rights; some have spent time in prison for acting on their beliefs; one of them sacrificed the limbs on his body.

The Emphasised Bible Lulu.com

Zechariah 1-8 is a deeply intertextual work which takes up formerly disparate streams of tradition - especially various elements of what it calls 'the former prophets' - and creatively combines these traditions, in applying them to a post-exilic context. This fact means that Zechariah 1-8 is situated in a dual context - the literary context of 'the former prophets', and the historical context of the early post-exilic period. This work seeks to understand Zechariah 1-8 in the light of its dual context. When Zechariah 1-8 is read in this way, a number of otherwise perplexing passages are made clearer, and the message of the work as a whole is better understood. This book offers a critique of and refinement to the approaches of intertextuality/inner-biblical allusion/tradition history in understanding the effect of 'texts re-using texts'. Against a recent trend which seeks to limit this phenomenon to 'verbal repetition', it demonstrates that Zechariah 1-8 involves the use of a wide variety of literary devices (including thematic allusions, 'ungrammaticalities', and sustained allusions) to make connections with other texts. The kind of 'intertextual' approach followed in this study demonstrates that intertextuality does not necessarily lead to radical indeterminacy (as claimed by some), and instead actually aids in the limiting the possible ranges of meaning. The manner in which Zechariah 1-8 invokes/re-activates/ re-applies the words of the 'former prophets' raises important issues related to prophecy and fulfilment, history and eschatology, and the development of 'apocalyptic', which are addressed in the course of this enquiry.

Zechariah A Christian Interpretation DigiCat

There has long been a need for a translation of the Judaeo-Christian Bible that did not deliberately mistranslate certain words and sentences for the purpose of concealing that the biblical authors' beliefs were quite different from those of modern Jews, Christians and Muslims. For example, "The LORD" is a falsification of the proper name Yahweh, a god like Zeus or Jupiter. But the most blatant fraud has been the rendering of the Hebrew word *allahiym* as the male proper name, "God." *Allahiym* is neither a

proper name nor singular nor unisexual. Al means a god. The suffix -ah is a feminine singular inflection, so that allah means "goddess." The suffix -iym is a masculine plural inflection, making allahiyim a dual-sex, generic plural, "male and female gods," or, in the common gender, "gods." This translation corrects such falsifications. Rotherham's Emphasized Bible Wipf and Stock Publishers
An apologist, philosophical theologian, and Oxford academic, C. S. Lewis valued the Jewish religious tradition. Underpinning Lewis's corpus is an enlightened, foundational respect for the Jews as God's chosen people. Much of Lewis's mature understanding came from his wife, Joy Davidman (Lewis referred to her as a Jewish Christian), born to American Jewish parents; she was an adult convert to Yeshua Ha Mashiach—Jesus Christ. A Hebraic Inkling, examines this Jewish-Hebrew heritage in Lewis's life and works, by analyzing key texts: theological and philosophical, literary and apologetic, biblical. As a boy and young man he reflected much of the implicit anti-Semitism inherent to the public school educated Edwardian establishment; this is replaced by deep respect when he became a Christian. Along with the Hebrew Scriptures, we examine Lewis on Hebraic poetry (Reflections on the Psalms), the "The Incarnation Nation," the Messiah in the Hebrew scriptures, supersessionism, Israel, his rigorous stand against anti-Semitism, and how Christians are enfolded into the chosen people. With marriage revelation gets deeply personal: a familial witness. When one of Joy's children—David—sought to return to his mother's birth-faith, Lewis moved all to accommodate his wishes and raise him as a Jew, after Joy's untimely death.

JFK - 9/11 Arktos

Read the Holy Bible like a novel, not like a textbook! This version of the Holy Bible capitalizes on a new presentation style that has become more popular over the last few years, and one that is closer to the original version than most current ones. We've dispensed with chapter and verse numbers (they weren't added until the 1200s and 1500s, respectively), and we've put books that were split apart because they wouldn't fit on a single scroll (e.g., Ezra and Nehemiah) back into single books. We've also rearranged some of the books so they follow a more logical timeline and progression. We keep books with the same audience or author, or same theme or timeline, together. This makes it more cohesive for you to read. We've used the World English Bible, a readable translation that allows you to traverse the whole of God's word in thoroughly modern language. We hope you enjoy reading this new version of the Holy Bible, and may Yahweh bless you!

The World English Bible (WEB): Zechariah Zondervan Academic
What makes Future Fastforward especially powerful and fascinating is that this is the first book critical of the New World Order and the Zionist-Anglo-American elite written by a former highranking official of a major foreign government to be published on American soil. --from publisher description.

Minimal Reading Bible: Latter Prophets NYU Press

JFK-9/11 assembles the most significant and well-documented "deep events" of the last fifty years into a coherent narrative of the "deep history" of the United States and its sphere of influence. The result is both a concise introduction for newcomers (a "deep history for dummies"), and an insightful perspective for

informed readers. Relying strictly on documented evidence and state-of-the-art JFK and 9/11 research, the book cuts through the layers of government and mainstream media lies, to expose the hidden powers at work in the Empire's underground foreign policy. It documents the role of undercover and paramilitary operations, psychological warfare and disinformation campaigns, and above all false flag terror, in the course of world politics since the beginning of the Cold War, and increasingly since September 11th. The book is divided in two parts: the first deals with the underlying forces of the Cold War, the second with the driving forces of the War on Terror. The period investigated begins just before 22 November 1963 and peaks on 11 September 2001, the two deep events that weigh most heavily on the unfolding of American and world history. The author highlights their structural similarities, examines how one made the other possible thirty-eight years later, and follows the underlying thread leading from the one to the other, in the hope of anticipating and circumventing future atrocities.

The Protestant Bible Correctly Translated e-artnow

Eugenics (human ecology) has always understood itself to be part of the struggle for human rights-- those of future generations. John Glad lays out the eugenic thrust of traditional Jewish culture and shows how Zionism itself was conceived as a grand eugenic plan. --From publisher's description.

The Minor Prophets ...: Nahum, Habakkuk, Zephaniah, Haggai, Zechariah, Malachi Thomas Nelson

Introductions to the Old Testament books of Nahum, Habakkuk, Zephaniah, Haggai, Zechariah, and Malachi are followed by verse-by-verse comments on the text.

The Old Greek Translation of Zechariah Energion Publications
Winner of the 2014 Jordan Schnitzer Book Award presented by the Association for Jewish Studies Jews have played an integral role in the history of obscenity in America. For most of the 20th century, Jewish entrepreneurs and editors led the charge against obscenity laws. Jewish lawyers battled literary censorship even when their non-Jewish counterparts refused to do so, and they won court decisions in favor of texts including Ulysses, A Howl, Lady Chatterley's Lover, and Tropic of Cancer. Jewish literary critics have provided some of the most influential courtroom testimony on behalf of freedom of expression. The anti-Semitic stereotype of the lascivious Jew has made many historians hesitant to draw a direct link between Jewishness and obscenity. In Unclean Lips, Josh Lambert addresses the Jewishness of participants in obscenity controversies in the U.S. directly, exploring the transformative roles played by a host of neglected figures in the development of modern and postmodern American culture. The diversity of American Jewry means that there is no single explanation for Jews' interventions in this field. Rejecting generalizations, this book offers case studies that pair cultural histories with close readings of both contested texts and trial transcripts to reveal the ways in which specific engagements with obscenity mattered to particular American Jews at discrete historical moments. Reading American culture from Theodore Dreiser and Henry Miller to Curb Your Enthusiasm and FCC v. Fox, Unclean Lips analyzes the variable historical and cultural factors that account for the central role Jews have played in the struggles over obscenity and censorship in the modern United States.
