ANNABEL HOBBS

The End of Loneliness Steidl

Now in paperback, a story of teenage love in Cold War-era Germany. For a fifteen-year-old, falling in love can eclipse everything else in the world, and make a few short weeks feel like a lifetime of experience. In *Love Writ Large*, Navid Kermani captures those intense feelings, from the emotional explosion of a first kiss to the staggering loss of a first breakup. As his teenage protagonist is wrapped up in these all-consuming feelings, however, Germany is in the crosshairs of the Cold War--and even the personal dramas of a small-town grammar school are shadowed by the threat of the nuclear arms race. Kermani's novel manages to capture these social tensions without sacrificing any of the all-consuming passion of a first love and, in a unique touch, sets the boy's struggles within the larger frame of the stories and lives of numerous Arabic and Persian mystics. His becomes a timeless tale that reflects on the multiple ways love, loss, and risk weigh on our everyday lives.

Haunting images of 75 Israeli Holocaust survivors by renowned portrait photographer Martin Schoeller. Marking the 75th anniversary of the liberation of Auschwitz on 27 January 1945, these portraits by New York-based photographer Martin Schoeller (born 1968) were photographed in cooperation with Yad Vashem, the World Holocaust Remembrance Center. Schoeller's compelling images capture the weathered faces of Jewish men and women who lived through and witnessed the atrocities of the Holocaust, and allow viewers to look into their eyes for traces of the experiences they endured and to be inspired by their resilience and remarkable strength of spirit. Targets of baseless anguish and suffering simply because they were Jewish, their lives were

forever altered during the dark years of the Holocaust. Each photograph offers a portal to the vast legacy of the victims and the survivors.

"Fans of Sarah Dunn, Elisabeth Egan, and Isabel Gillies will relate to the multifaceted lives of Krien's characters, brilliantly rendered in her vivid voice." -- Booklist Writing with the wry realism of Sally Rooney, one of Germany's most promising literary talents demonstrates her incisive understanding of the complexities of relationships and the depths of the human heart in this witty and compulsively readable novel about five very different women whose lives intersect. What happens when women fulfill their roles as wives, mothers, friends, lovers, sisters, and daughters? What comes next? Award-winning author Daniela Krien explores these questions in this powerful novel of friendship, love, loss, and everything in between. Krien explores the hopes, ambitions, challenges, and disappointments that shape modern women's lives, offering intimate insights on motherhood and childlessness, bereavement, infidelity, and divorce. At the heart of the novel are five very different women who find themselves hurtling towards a new way of living without knowing quite how they got there. Simple methods teach how to draw figures. When we try to draw a person, we are quickly confronted with various challenges. The proportions need to be correct, the attitude must be clear and vivid, the face should show resemblance and also be expressive. Such a task takes courage. Yet a little practice and training quickly lead to the ability to draw figures in a wide variety of styles. A figure in a particular posture can be assembled with a few key characteristic strokes. At the center of this collection is not the perfect figure, but the joy of drawing, and how, with simple methods, drawing people is possible: by reducing and

reducing to a few lines, using clear contours and simple surfaces, the human figure emerges, constructed and elaborated.

Martin Schoeller: Survivors Macmillan

'Perched on the back of a sunlit chair was something about 9 inches tall and shaped rather like a plump toy penguin with a nose-job. It appeared to be wearing a one-piece knitted jumpsuit of pale grey fluff with brown stitching, complete with an attached balaclava helmet. From the face-hole of the fuzzy balaclava, two big, shiny black eyes gazed up at me trustfully. Kweep, it said quietly.' When author Martin Windrow met the tawny owlet that he christened Mumble, it was love at first sight. Raising her from a fledgling, through adolescence and into her prime years, Windrow recorded every detail of their time living together (secretly) in a south London tower block, and later in a Sussex village. This is the touching, intriguing and eccentric story of their 15-year relationship, complete with photographs and illustrations of the beautiful Mumble. Along the way, we are given fascinating insight into the ornithology of owls - from their evolution and biology to their breeding habits and hunting tactics. *The Owl Who Liked Sitting on Caesar* is a witty, quirky and utterly charming account of the companionship between one man and his owl.

Nothing slips by Brecken Hancock's deft ear as she seductively plumbs the depths of the evolution of bathing, doppelgangers, the Kraken, and the minutiae of family with all its tragic misgivings. The poems in *Broom Broom* pervert the rational, safe parts of the world to extoll and absorb the sweep of human history. What I mean to say is, the evidence is always there. From where we

stand, we confuse lampposts for ghosts. Brecken Hancock's poetry, essays, interviews, and reviews have appeared in several journals, including Event and Fiddlehead. She is reviews editor for Arc Poetry Magazine.
