This book is available as open access through the Bloomsbury Open Access programme and is available on

www.bloomsburycollections.com. Guy Standing's immensely influential

2011 book introduced the Precariat as an emerging mass class, characterized by inequality and insecurity. Standing outlined the increasingly global nature of the Precariat as a social phenomenon, especially in the light of the social unrest characterized by the Occupy movements. He outlined the political risks they might pose, and at what might be done to diminish inequality and allow such workers to find a more stable labour identity. His concept and his conclusions have been

widely taken up by thinkers from Noam Chomsky to Zygmunt Bauman, by political activists and by policy-makers. This new book takes the debate a stage further, looking in more detail at the kind of progressive politics that might form the vision of a Good Society in which such inequality, and the instability it produces, is reduced. A Precariat Charter discusses how rights - political, civil, social and economic - have been denied to the Precariat, and argues for the importance of redefining our social contract around notions of associational freedom, agency and the commons.

The seventh and penultimate book of the letters of American philosopher George Santayana, covering the years 1941 to 1947 and including letters to such correspondents as Daniel

Cory, John Hall Wheelock, Robert Lowell, and others. This penultimate volume of Santayana's letters chronicles Santayana's life during a difficult time--the war years and the immediate postwar period. The advent of World War II left Santayana isolated in Rome, and the difficulties of wartime travel across borders forced him to abandon plans to move to more agreeable locations in Switzerland or Spain. During these years, Santayana lived in a single room in a nursing home run by the Blue Sisters of the Little Company of Mary in Rome, where, during the winter months, he did much of his writing in bed (wearing well-mended gloves) in order to stay warm. And yet, despite wartime deprivations, illness, and old age (he was 77 in 1941), Santayana was remarkably productive, completing both his autobiography *Persons and Places* and *The Idea of Christ in the Gospels: or God in Man*, and all but completing *Dominations and Powers*. He confided to one correspondent that he had never been more at peace or more happy. The eight books of *The Letters of George*

Santayana bring together over 3,000 letters, many of which have been discovered in the fifty years since Santayana's death. Letters in Book Seven are written to such correspondents as his friend and protégée Daniel Cory, his financial manager and heir George Sturgis, and the American poet Robert Lowell. The correspondence with Lowell--which began when the younger writer sent Santayana a copy of his Pulitzer Prize-winning *Lord Weary's Castle*--signals an important new friendship, which became a source of affection and intellectual engagement in Santayana's final years. *The Private Letters of Sir James Brooke, K.C.B., Rajah of Sarawak, Narrating the Events of His Life, from 1838 to the Present Time* CCH Australia Limited From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people

avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely

applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

The Letters of George Santayana: 1941-1947

Sura Books

The beginning astronomical observer

passes through a series of stages. The initial stage is hugely exciting and gives the beginner a real buzz as he discovers some of the faint fuzzy objects, markings on the planets, rings around Saturn and the craters on the Moon. But as the novice observer progresses, he or she wants to know what more there is than looking at faint fuzzy blobs or indistinct planet markings. Many jump to the conclusion – wrongly – that they need to spend lots of money on expensive equipment to progress. “From Casual Stargazer to Amateur Astronomer” has been written specifically to address this group of budding stargazers. Astronomy is much more than a quick sightseeing tour. Patient observers who can develop their skills will start to appreciate what they are seeing, and will know exactly what to look out for on any particular night. And equally important, they will learn what not to expect to see. “From Casual Stargazer to Amateur Astronomer” is for those who want to develop observing skills beyond mere sightseeing, and learn some of the techniques used to carry out enjoyable – and

scientifically useful – observations. It will also direct readers to make informed choices about what can be seen and when. This book is for anyone keen to develop their skills as an amateur astronomer.

Appendix to the Journals of the House of Representatives of New Zealand MIT Press

A best practice guide to terminating employment in light of the fair Work Act 2009. Terminating employment can be an emotional and legal minefield, for both the employer and the employee. This guide explains when and how an employer can justifiably terminate employment for a range of reasons, including poor performance and redundancy.

The Letters of George Santayana, Book Eight, 1948-1952 Liturgical Press

Letters from the last years of Santayana's life,

written as he completed *Dominations and Powers*, the final volume of his autobiography, and the one-volume abridgement of his early five-part masterwork, *The Life of Reason*. This final volume of Santayana's letters spans the last five years of the philosopher's life. Despite the increasing infirmities of age and illness, Santayana continued to be remarkably productive during these years, working steadily until September 1952, when he died of stomach cancer, just three months short of his eighty-ninth birthday. Still living in the nursing home run by the "Blue Sisters" of the Little Company of Mary in Rome (now with such prewar luxuries as hot baths and central heating restored), Santayana completed his book *Dominations and Powers*, which had been more than fifty years in the making, the final part of his autobiography *Persons and Places*, published posthumously in 1953 as *My Host the World*, and the abridgement of his early five-part masterwork, *The Life of Reason*, into a single volume--all while continuing to maintain a voluminous correspondence with

friends and admirers. The eight books of The Letters of George Santayana bring together over 3,000 letters, many of which have been discovered in the fifty years since Santayana's death. Letters in Book Eight are written to such correspondents as the young American poet Robert Lowell (whom Santayana thinks of "only as a friend and not merely as a celebrity" and to whom he sends a wedding gift of \$500); Ira D. Cardiff, the editor of *Atoms of Thought*, a collection of excerpts from Santayana's writings (which, Santayana complained, portrayed him as more akin to Tom Paine than Thomas Aquinas); Richard Colton Lyon, a young Texan who would later collect Santayana's writings about America in *Santayana on America: Essays, Notes, and Letters on American Life, Literature, and Philosophy* (1968); and the humanist philosopher Corliss Lamont.
