An eyewitness account of Donald Trump's clown car of lieutenants and lackeys who have polluted the corridors of power with their unprecedented awfulness. Two of Washington's most meddlesome reporters take readers on a deep dive into the murky underworld of President Trump's Washington, dishing the hilarious and frightening dirt on the charlatans, conspiracy theorists, ideologues, and run-of-the-mill con artists who have infected the highest echelons of

American political power. For the past three years, reporting from the White House, the Trump hotel, and other dens of intrigue and influence, Lachlan Markay and Asawin Suebsaeng have revealed the sordid shenanigans of a rogue's gallery of Trumpworld incompetents and improbable A-listers -- earning them angry denunciations (or at least some vexed side-eye) from Trumpists such as the actor Jon Voight and Trump's former campaign czar and renowned obfuscator Corey Lewandowski as well as requisite threats of physical violence and ruin. Sinking in the Swamp will similarly pull no punches. Everyone from assorted Trump family members to Stephen Miller, Sean Hannity, and Diamond & Silk to Trumpworld's even more obscure accomplices will be plumbed, prodded, and exposed for their roles in the most shambolic moment in modern American political history. When they go low, Swin and Lachlan are right there with them, recorders running and notebooks at the ready. Sinking in the Swamp is an uncompromising account of the financial and moral degradation of our capital, told with righteous indignation and through the lens of key power players and foot soldiers whose own antics have often escaped the notice of the overworked press corps. As the 2020 election approaches, this page-turning, letting-it-all-hang-out narrative shows how the nation got to this nadir, tracing the story back to years before Trump's improbable run for the White House and cataloging the stomach-turning moments that followed.

That same day, we time traveled once more. We never chose to travel back in time; it would merely just "happen" to us. We were just "lucky." As we grew up, we figured that chance would never come our way again. The story was complete, and all of it had happened in about twenty-four hours of elapsed time. So, we thought we had accomplished what we had been called on to do. Now at seventeen, my sister Sally could not have possibly known this was about to change. Time travel is risky; would anything bad ever happen because of it?

Lavish parties. Committee chairmanships for sale. Pay-to-play corruption. Backroom arm-twisting. Votes on major legislation going to the highest bidder. Welcome to Washington, D.C., the swamp

that President Donald Trump was elected to drain. Congressman Ken Buck is blowing the whistle on the real-life House of Cards in our nation's capital. Elected in 2014 as president of one of the largest Republican freshman classes ever to enter Congress, Buck immediately realized why nothing gets done in Congress, and it isn't because of political gridlock—in fact, Republicans and Democrats work together all too well to fleece taxpayers and plunge America deeper into debt. "It is an insular process directed by power-hungry party elites who live like kings and govern like bullies," Buck reports. Buck has witnessed first-hand how the unwritten rules of Congress continually prioritize short-term political gain over lasting, principled leadership. When Buck tangled with Washington power brokers like former Speaker John Boehner, he faced petty retaliation. When he insisted Republicans keep their word to voters, he was berated on the House floor by his own party leaders. When other members of Congress dared to do what they believed to be right for America instead of what the party bosses commanded, Buck saw them stripped of committee positions and even denied dining room privileges by the petty beltway bullies. In *Drain the Swamp*, Buck names names and tells incredible true stories about what really happened behind closed doors in Congress during legislative battles that have ensued over the last two years including budget, continuing resolutions, omnibus, trade promotion authority, Iran, and more. If the Trump administration is going to bring real change to Washington, it first needs to get the whole story—from deep inside the swamp.
