<p><u>University</u> Litres When Pedro Àlvares Cabral sailed west of the doldrums on his way to India, he discovered Brazil. The year was 1500. Travelling with him on his flagship was one Pero Vaz de Caminha, a Portuguese civil servant on his way to run a business in Calcutta. His famous letter to the King of Portugal, describing in great detail their brief stay on the Brazilian coastline, was</p>	<p>the first report sent back to Europe from the Lusitanian New World. It is thus the living testimony of a remarkable moment in a truly remarkable age ... the Age of Discovery. <i>General Catalogue of Printed Books to 1955</i> Samaira Book Publishers O livro, ricamente ilustrado, utiliza produtos básicos da dieta brasileira, como arroz, feijão carne, para explicar a origem e a</p>	<p>diversidade destes produtos. <u>The Little Prince</u> Routledge This open access book presents the first detailed study of one of the most important masterpieces of Renaissance cartography, Martin Waldseemülle r's Carta marina of 1516. By transcribing, translating into English, and detailing the sources of all of the descriptive texts on the map, as well as the sources</p>
--	--	--

of many of the images, the book makes the map available to scholars in a wholly unprecedented way. In addition, the book provides revealing insights into how Waldseemüller went about making the map -- information that can't be found in any other source. The Carta marina is the result of Waldseemüller's radical re-evaluation of what a world map should be; he essentially

started from scratch when he created it, rejecting the Ptolemaic model and other sources he had used in creating his 1507 map, and added more descriptive texts and a wealth of illustrations. Given its content, the book offers an essential reference work not only on this map, but also for anyone working in sixteenth-century European cartography. This work was published by

Saint Philip Street Press pursuant to a Creative Commons license permitting commercial use. All rights not granted by the work's license are retained by the author or authors.

An invaluable tool for learners of Portuguese, this Frequency Dictionary provides a list of the 5000 most commonly used words in the language. Based on a twenty-million-word collection of Portuguese (taken from both Portuguese and Brazilian sources), which includes both written and spoken material, this dictionary provides detailed information for each of the 5000 entries, including the English equivalent, a sample sentence, and an indication of register and dialect variation. Users can access the top 5000 words either through the main frequency listing or through an alphabetical index. Throughout the frequency listing there are also thirty thematically-organized ‘boxed’ lists of the top words from a variety of key topics such as sports, weather, clothing and relations. An engaging and highly useful resource, A Frequency Dictionary of Portuguese will enable students of all levels to get the most out of their study of Portuguese vocabulary.

I
 Modern
 Brazilian
 Portuguese
 Grammar
 Workbook is
 an innovative
 book of
 exercises and
 language
 tasks for all
 learners of
 Brazilian
 Portuguese.
 The book is
 divided into
 two sections:
 Part A
 provides
 exercises
 based on
 essential
 grammatical
 structures Part
 B practises
 everyday
 functions (e.g
 making social
 contact,
 asking
 questions and
 expressing
 needs) A
 comprehensiv
 e answer key
 at the back of
 the book
 enables you to
 check on your
 progress.
 Modern
 Brazilian
 Grammar
 Workbook is
 ideal for all
 learners who
 have a basic
 knowledge of
 Brazilian
 Portuguese,
 including
 undergraduat
 es taking
 Brazilian
 Portuguese as
 a major or
 minor part of
 their studies,
 as well as
 intermediate
 and advanced
 students in
 schools and
 adult
 education. It
 can be used
 independently
 or in
 conjunction
 with Modern
 Brazilian
 Portuguese
 Grammar: A
 Practical
 Guide.
