Italian Billionaire's Stubborn Lover

Luxury real estate agent Adeline Peluso came to Italy in search of adventure.

Inheriting an apartment with a view of the coast in Sicily sounded like

something out of a movie, but after two

years watching a resort she'd always loved fall to pieces she's ready to throw in the proverbial towel...that is until one of the owners finally walked into her office. Tall, dark, and devastatingly handsome, the man would drive her crazy with his arguments if he didn't set her aflame with his kisses. Billionaire Nicolò Romano is a global citizen. He's the kind of guy who skis in the Alps, snorkels in the Caribbean, and enjoys the lights of the Vegas strip on a whim. He has no desire to be tied down any time soon. So when he and his brothers inherit the family resort, Nicolò has one goal: Sell it and sell it fast. But coming back to the place he loved as a child to find a woman who feels just as passionately about the crumbling hotel throws him. Instead of using his business

savvy to sell fast, Nicolò is wooing this woman with his island, slowly falling back in love with the place himself. When whip smart arguments turn into stolen kisses and stolen kisses turn into steamy nights, Adeline and Nicolò will realize that they're fighting for more than the fate of a historic hotel. They're fighting for the chance of life's greatest adventure: True Love. Italian Billionaire's Unexpected Lover Gianpierre Romano is being dragged back to Italy by the one thing he can't escape: family. The Romano fortune and name has followed him wherever he goes—but that only made the headstrong Italian more determined to strike out on his own. Now, he's on the cusp of achieving international fame for an architectural project in the middle east when he's

roped into reconstructing the foundation of his family's resort. It's a project that Gianpierre has the passion for, but not the time—not if he wants to make it to Dubai for the start date of his dream project. That is until he's paired with a pretty project manager who makes him want to get passionate about more than just medieval foundations. Luciana Vivaldi rushed to Italy to care for her niece after the death of her sister, and then fell in love with the culture and people. Beautiful and whip smart, she's been recruited to keep the Romano Resort's hunky structural engineer focused and to take him to task if he doesn't follow his own directives. She's got a passion for organizing and no time for romance—that is until a kiss following a falling foundation has her doing the

one thing she can't afford: falling for her boss. Italian Billionaire's Determined Lover Leonardo Romano has made an independent fortune as a boutique hotel magnate. He has the golden touch when it comes to creating luxurious accommodations, but the one thing Leonardo has avoided is following in his Grandfather's footsteps. Running the family's original hotel, the Romano Resort, on the island of Sicily, is a job he's never felt fated to revive. However, now that his brothers have done their parts in securing and remodeling the hotel, it's up to Leonardo to do what he does best: entice visitors to revel in the lap of luxury. Stella Brown is on her last strike. As a historical preservationist she's just committed the mortal sin of losing a historical property to modern

renovations, therefore losing a piece of history. Forever. Now Stella is tasked with proving she can still do her job by halting the Romano Resort's extravagant renovations and getting them to conform to international preservation laws. Stella isn't a pushy person, but she's ready to go to war to save this little piece of Sicily.

She likes being free to follow the wild creativity of her imagination without

risking the livelihoods of other artists. Because even though Evie can’t stop thinking about his scorching touch, she has no desire to share a boardroom with him. While pride brings them together it’s their shared desire that has them entangled. At first, Evie thinks that their head banging sex will keep her career change at bay—but when their shared passion begins to bleed over into the business, can either pull away from their love without losing everything? Or will they finally realize that you really can have it all?
