Mary Blair's Unique Flair  
Disney Electronic Content  
Based on Mindy Johnson's  
critically acclaimed  
Disney Editions title, *Ink &  
Paint: The Women of Walt  
Disney's Animation*, this  
nonfiction picture book is  
a fun and inspiring look at  
many of the amazing  
women who have worked  
at Disney Animation over  
the years—from Story  
Artists, to Animators to  
Inkers and Painters, all  
with unique personalities  
and accomplishments,  
such as becoming a  
record-holding pilot, or  
designing Hollywood  
monsters, or creating an  
international club for tall  
people!

Botanical Line Drawing  
Page Street Publishing  
The industry-standard  
manual for aspiring inkers  
and working professionals  
returns in a new  
expanded edition. Gain  
insights into the  
techniques, tools, and  
approaches of some of  
the finest ink artists in  
comics, including Terry  
Austin, Mark Farmer,  
Scott Williams, Alex  
Garner, and many more.  
This expanded edition  
features new art and text  
by author Gary Martin and

a bonus chapter on digital  
inking by artist Leo Vitalis.  
Also included are eight  
full-sized blue-lined art  
boards featuring pencil art  
by top comics illustrators,  
present and past, to use  
for practice or as samples  
to show editors and  
publishers. Along with  
pen, brush, and stylus, no  
inking tool is more useful  
than *The Art of Comic-  
Book Inking*.

Colored Pencil Painting  
Portraits Harlequin  
From the artist behind the  
popular Pigeon Letters  
website, an easy, no-  
skills-necessary guide to  
drawing flowers, leaves,  
and cacti with 200 step-  
by-step prompts. Line  
drawing is an easy-to-  
master art form featuring  
illustrative, doodle-like  
designs. It's used widely  
among artists of many  
types with both fine and  
bold lines, creating  
different variations.  
*Botanical Line Drawing*  
teaches you how to start  
with the simplest doodles,  
building into more  
elaborate, delicate  
illustrations. This book  
focuses on the extremely  
popular subject matter of  
the natural world and  
includes flowers, leaves,  
succulents, houseplants,  
trees, branches,  
mushrooms, and more.  
These simple line  
drawings will allow you to

branch out and have fun  
with your own personal  
style, as well as inspire  
you to add flourishes to  
other projects.

Pen and Pencil Drawing  
Techniques Simon and  
Schuster

In this immersive new  
coloring book, Maggie  
Enterrios, whose stunning  
illustrations inspire on  
Instagram and beyond,  
gives readers the  
opportunity to interact  
with her artwork first-  
hand and connect with  
their own creativity. Bold  
florals pop on every page  
and leave plenty of room  
for color, while intricate  
details keep things  
interesting. These designs  
go beyond simple florals,  
weaving in animals, shells  
and other natural  
elements for lush, unique  
scenes that provide a  
sense of discovery. It's  
been proven that adult  
coloring books are the  
perfect way to de-stress,  
and Maggie's  
compositions are  
specifically designed to  
delight, engage and  
provide a haven of  
relaxation during busy  
days. Perforated pages  
and high-quality  
watercolor paper make it  
easy to display and gift  
personalized artwork.  
Maggie's stylish,  
imaginative pen and ink  
drawings will bring out

everyone's inner artist. *Marc Davis Disney Editions*  
 For more than a dozen years, an unassuming, quiet-spoken woman dominated Disney design. The stylishness and vibrant color of Disney films in the early 1940s through mid-1950s came primarily from artist Mary Blair. In her prime, she was an amazingly prolific American artist who enlivened and influenced the not-so-small worlds of film, print, theme parks, architectural decor, and advertising. At its core, her art represented joyful creativity and communicated pure pleasure to the viewer. Her exuberant fantasies brimmed with beauty, charm, and wit, melding a child's fresh eye with adult experience. Blair's personal flair comprised the imagery that flowed effortlessly and continually for more than a half a century from her brush. Emulated by many, she remains inimitable: a dazzling sorceress of design and color.

**The Art of Comic Book Inking (Third Edition)**

Timber Press (OR)  
 Unfold this book of beautifully illustrated maps that show the locations of your favourite Disney and Pixar movies.

Discover Simba's kingdom in Africa; plunge into vast oceans to rescue Nemo; explore Wonderland before Alice wakes up; and much more. There are 25 illustrated maps which bring to life the movies we know and love. With detailed in-world facts, navigate the wonderful world of Disney as you never have before! The Pencil Disney Press  
 This acclaimed biography shines a light on a trailblazing woman who created a classic movie monster—and the author's quest to rescue her from obscurity. As a teenager, Mallory O'Meara was thrilled to discover that one of her favorite movies, *Creature from the Black Lagoon*, featured a monster designed by a woman, Milicent Patrick. But while Patrick should have been hailed as a pioneer in the genre, there was little information available about her. As O'Meara discovered, Patrick's contribution had been claimed by a jealous male colleague and her career had been cut short. No one even knew if she was still alive. As a young woman working in the horror film industry, O'Meara set out to right the wrong, and in the process discovered the

full, fascinating story of an ambitious, artistic woman ahead of her time.

Patrick's contribution to special effects proved to be just the latest chapter in a remarkable, unconventional life, from her youth growing up in the shadow of Hearst Castle, to her career as one of Disney's first female animators. And at last, O'Meara discovered what really had happened to Patrick after *The Creature's* success, and where she went. A true-life detective story and a celebration of a forgotten feminist trailblazer, Mallory O'Meara's *The Lady from the Black Lagoon* establishes Patrick in her rightful place in film history while calling out a Hollywood culture where little has changed since. A Hugo and Locus Award Finalist A Thrillist Best Book of the Year One of Booklist's 10 Best Art Books of the Year

**Bright Ideas Metallic Double-Ended Colored Brush Pens** Watson-Guption

What you are holding is no ordinary book. This book contains scary stories. Thrilling and chilling tales that feature the worst Disney villains. They twist and turn through unfortunate circumstances. Maybe

you've heard of a cave full of wonders where no one escapes alive? Or a huntsman carrying a princess's heart back to an evil queen? Don't forget the horseman who lost his head. Literally. Something strange happens once you start reading. You might feel like you are in the story. Right. Inside. The. Pages. Just ask Billie Templeton. She knows all about scary stories. Billie would rather such tales stay inside her book where they belong. If only her classmate, Tim, hadn't found the mirror. The magic mirror. A mirror wrapped up and never to be opened. But since when does Tim follow the rules? Consider yourself warned. Chilling tales, filled with twists and turns will leave you on the edge of your seat! Perfect for fans of Goosebumps and Scary Stories to Tell in the Dark.

**Disney Maps: a Magical Atlas of the Movies We Know and Love** Knopf  
Coloring like you haven't seen it before Welcome to the wild world of Extreme Coloring. An amazing coloring book challenge featuring the super-detailed animal images from artist Kerby Rosanes. Known for his popular Sketchy Stories blog, Kerby works in intricately

detailed black and white line to create creatures, characters, patterns, and tiny elements to form compositions of mind-boggling complexity. Bring your creativity to complete the breathtaking drawings and find hidden treasures and creatures scattered throughout its pages.

**Beginning Illumination** Dark Horse Comics  
Colored pencil painter Alyona Nickelsen reveals how to use the medium to push the limits of realistic portraiture. Colored Pencil Painting Portraits provides straightforward solutions to the problems that artists face in creating lifelike images, and will prime readers on the intricacies of color, texture, shadow, and light as they interplay with the human form. In this truly comprehensive guide packed with step-by-step demonstrations, Nickelsen considers working from photo references versus live models; provides guidance on posing and lighting, as well as planning and composing a work; discusses tools, materials, and revolutionary layering techniques; and offers lessons on capturing gesture and expression and on rendering facial and body features of

people of all age groups and skin tones.

**Bright Ideas Double-Ended Colored Brush Pens** Disney Electronic Content

Walt Disney once said of Marc Davis, "Marc can do story, he can do character, he can animate, he can design shows for me. All I have to do is tell him what I want and it's there! He's my Renaissance man." As such, Davis touched nearly every aspect of The Walt Disney Company during his tenure. He began as an animator, whose supporting work on Snow White and the Seven Dwarfs and Bambi inspired Walt to promote him to full animator. In the ensuing years, Davis breathed life into a bevy of iconic Disney characters, including Cinderella, Alice (in Wonderland), Tinker Bell, Maleficent, and Cruella De Vil. Then, in 1962, Walt Disney transferred the versatile Davis to the Imagineering department to help plan and design attractions for Disneyland and the 1964 65 New York World's Fair. While at Imagineering, Davis conceived of designs for such classic attractions as Jungle Cruise, Pirates of the Caribbean, and Haunted Mansion. As

Davis had so many talents and hats, it is only fitting that this tribute be composed by a multitude of talented writers. Experts in fine art, animation, Imagineering, and filmmaking have come together to honor Davis's contributions to their realms. Each chapter is accompanied by a wealth of artwork, much of which was offered up by Alice Davis exclusively for this book. This volume is both the biography and the portfolio of a man who was, on any given day, animator, Imagineer, world traveler, philanthropist, husband, and teacher.

*F\*ck Off! This is MY Coloring Book* Little, Brown

Young Mary Browne Robinson loved color, even her name had a color in it. All she wanted to do was to make art. But becoming an artist wasn't an easy. Her parents worked hard to provide her paper and paints, and Mary worked hard to enter contests and earn a spot at a school for the arts. She even had to work hard to find her place at the Walt Disney Studios. But Walt was easily impressed by Mary Blair. When she joined his trip to South America, Mary had never seen such

color. She collected that color and used it in her concept art for Cinderella, Alice in Wonderland, and Peter Pan, and even the It's a Small World attraction at Disneyland. This beautifully illustrated picture book shares Mary's story, in all its inspiring flair.

*Pocket Full of Colors*

Courier Corporation

How did Tinker Bell get her name? In J. M. Barrie's original version of the play "Peter Pan," the little sprite's name was Tippytoe, and she had speaking lines. But over time, Barrie decided that the fairy's expressions would be best voiced by musical chimes. During the early 1900s, vagabonds known as tinkers traveled from town to town, performing jack-of-all-trade repair services. Their arrival was hailed by the jingling of bells fashioned from tin that they mounted on their wagons. One of these "tinker bells" was used to give Peter's fairy friend her voice in the original stage production, and the name stuck. Now, more than a hundred years later, it is difficult to believe that this popular pixie began as a circle of lamplight, reflected in a mirror controlled by a stage hand behind the

curtains. She is now the center of a major Disney franchise, she flies through the skies in Orlando and Anaheim introducing the nightly fireworks displays, and she opens every Walt Disney Pictures film with a sprinkling of pixie dust. *Tinker Bell: An Evolution* is a full biography of the fiery little fairy. Designed in collaboration with the Animation Research library, it contains artwork that has never been seen before. The book is heavily illustrated, highly detailed, and will make the perfect gift for every grown-up who believes in fairies.

*Wreck-It Ralph Little Golden Book (Disney Wreck-it Ralph)* Chronicle Books

Presenting alternative suggestions for depicting nature scenes, this book offers expert guidance for drawing with pencil, pen, ink, and charcoal, and painting with oils and pastels. The various schools examined include both early European and American, through Impressionism and Expressionism to contemporary landscape art. Tips and techniques are provided for working outdoors, capturing nature's textures, and rendering the most

important landscape components like light and shadow, changing skies and clouds, & rushing and tranquil water. Clearly illustrated, step-by-step demonstrations are included throughout to guarantee successful implementation of his techniques.

*Flowerscape* Penguin  
From the bestselling author of *Rise of the Rocket Girls*, the untold, "richly detailed" story of the women of Walt Disney Studios, who shaped the iconic films that have enthralled generations (Margot Lee Shetterly, *New York Times* bestselling author of *Hidden Figures*). From *Snow White* to *Moana*, from *Pinocchio* to *Frozen*, the animated films of Walt Disney Studios have moved and entertained millions. But few fans know that behind these groundbreaking features was an incredibly influential group of women who fought for respect in an often ruthless male-dominated industry and who have slipped under the radar for decades. In *The Queens of Animation*, bestselling author Nathalia Holt tells their dramatic stories for the first time, showing how these women infiltrated

the boys' club of Disney's story and animation departments and used early technologies to create the rich artwork and unforgettable narratives that have become part of the American canon. As the influence of Walt Disney Studios grew -- and while battling sexism, domestic abuse, and workplace intimidation -- these women also fought to transform the way female characters are depicted to young audiences. With gripping storytelling, and based on extensive interviews and exclusive access to archival and personal documents, *The Queens of Animation* reveals the vital contributions these women made to Disney's Golden Age and their continued impact on animated filmmaking, culminating in the record-shattering *Frozen*, Disney's first female-directed full-length feature film. A Best Book of 2019: *Library Journal*, *Christian Science Monitor*, and *Financial Times*  
**Pencil, Pen, and Brush** Watson-Guption  
With premium-quality color and a snazzy, sturdy, and travel-ready package, these pens will add flair to any coloring book or other creative

project.

*Ink & Paint* Macmillan  
Established in October 1923, the Ink & Paint Department set up shop at the first Disney studios on Kingswell Avenue in Los Angeles before moving to the Disney Hyperion Studio, and finally to the Burbank Studios in 1940. At the height of production, the staff was comprised primarily of women, numbering more than 250 artists and technicians. Today, this vital division continues with a small number of talented artists who keep the hand-made magic alive, even with the advent of 3-D animation. In this glossy volume, featuring never-before-seen photos, artwork, and detailed accounts, the process, techniques, and contributions of the women-and men-who defined the Walt Disney Studio's legendary Ink & Paint Department over the years are carefully explored, preserved, and shared for future generations.

**The Pen and Pencil Technique Book** Simon and Schuster  
"How to Draw Cool Stuff: Basics, Shading, Texture, Pattern and Optical Illusions" is the second book in the How to Draw Cool Stuff series. Inside

you will find simple illustrations that cover the necessities of drawing cool stuff. Specific exercises are provided that offer step-by-step guidelines for drawing a variety of subjects. Each lesson starts with an easy-to-draw shape that will become the basic structure of the drawing. From there, each step adds elements to that structure, allowing the artist to build on their creation and make a more detailed image. Starting with the basic forms, the artist is provided a guide to help see objects in terms of simplified shapes. Instructions for shading to add depth, contrast, character and movement to a drawing are then covered. The varieties of texture and pattern that can be included in an artwork offer another layer of interest and depth to a design. These elements are necessary to indicate the way something looks like it feels in a work (texture) or creating the repetition of shapes, lines or colors (patterns). Illustrated optical illusions involve images that are sensed and perceived to be different from what they really are, showing

examples of how the mind and the eyes can play tricks on each other. All you need is a piece of paper, a pencil and an eraser and you are ready to draw cool stuff. Once the drawing is complete, it can be colored, shaded or designed in any way you like to make it original. Following these exercises is a great way to practice your craft and begin seeing things in terms of simple shapes within a complex object. *Hand Lettering for Self-Care* Golden/Disney Bring out your child's creativity and imagination with more than 60 artful activities in this completely revised and updated edition Art making is a wonderful way for young children to tap into their imagination, deepen their creativity, and explore new materials, all while strengthening their fine motor skills and developing self-confidence. The Artful Parent has all the tools and information you need to encourage creative activities for ages one to eight. From setting up a studio space in your home to finding the best art materials for children, this book gives you all the

information you need to get started. You'll learn how to: \* Pick the best materials for your child's age and learn to make your very own \* Prepare art activities to ease children through transitions, engage the most energetic of kids, entertain small groups, and more \* Encourage artful living through everyday activities \* Foster a love of creativity in your family Nemu\*nemu Watson-Guptill Join the out of this world adventures of two shoooper cute stuffed animal buddies Nemu, a kind hearted pup that loves grilled cheese sandwiches and donuts, and Anpan, his pizza loving, washing machine fearing best friend. Follow along with their owners, Anise and Kana, as they go on epic journeys in a flying cardboard box, dress up as their favorite television heroes and visit a planet inhabited by... frogs? Grab a seat, because the show's about to start! This volume collects the fifth year of comics, with a foreword by Dave Roman of Astronaut Academy: Zero Gravity and bonus 5th Anniversary fan art.
