What makes the Ultimate Scot? Is it the ability to identify a tartan pattern from 50 yards? Maybe it's being able to recite the two forgotten verses of Auld Lang Syne? Or perhaps it's knowing your single malt from a double malt? The Ultimate Guide to Being Scottish examines in hilarious detail the history, politics and traditions that make Scots great. Exploring the best of Scottish culture, this book focuses on the celebrations that Scots have made their own, from Hogmanay to the Edinburgh Fringe Festival. Mixing fact and practical hints (like the ideal recipe for boiled sheep's head) with witty banter, The Ultimate Guide to Being Scottish is perfect for injecting Scotland's unique and beloved brand of merriment into life.

The Central Highlands Rough Guides Snapshot Scotland (includes Loch Lomond, The Cairngorms, the Trossachs, The Malt Whisky Trail and the Speyside Way) Penguin

The world's best-selling book on malt whisky, now updated to include all the latest significant bottlings. This seventh edition of Michael Jackson's Complete Guide to Single Malt Scotch continues to provide whisky enthusiasts with all the information, advice, and guidance they need to improve their knowledge and appreciation of single malt whisky. Fully updated with all the latest significant bottlings, Michael Jackson's Complete Guide to Single Malt Scotch includes an

unrivaled A- Z of single malts with background information on the distilleries and tasting notes for more than 1,000 bottlings. It even provides each whisky with an overall score. Michael Jackson, regarded as the world's foremost authority on whisky until his death in 2007, originally authored this title. His legacy lives on in the 2015 edition edited by world-leading whisky consultants Dominic Roskrow and Gavin D. Smith. By giving practical advice on buying and collecting malts and interpreting whisky labels, and providing hundreds of color images, Michael Jackson's Complete Guide to Single Malt Scotch can turn any whisky novice into an informed veteran.

While there are many reasons to incorporate sustainable practices into meetings and events, including saving costs and resources, protecting the environment, improving social issues, doing business more efficiently and effectively and attracting new audiences, the number one reason to go green is to do business better. The book is divided into three parts, which reflect defining principles of greener meetings and events: Innovation, Conservation, and Education. This book broadly explores sustainable management in the hospitality, tourism, conference and exhibition, and meeting and event industries, as well as countless smaller industries that include arts and music festivals and tour operators. Readers who are studying in, working in, or even just interested in these industries will reap innumerable benefits from the exciting journey ahead of them in The Complete Guide to Greener Meetings and Events.

Bruce Sandison's "Rivers and Lochs of Scotland" is the only book on fishing in Scotland that an angler will ever need. This new, comprehensive and completely revised edition describes more than 5,000 freshwater fishing locations complete with access details, flies and tactics and where to obtain permission to fish. For anyone fishing in Scotland, this book is the angler's bible.

The Official Guide to the London and North Western Railway Apa Publications (UK) Limited

The purpose of this book is to introduce paperweight collecting to those people who may be interested in these fascinating and mysterious small glass objects, but are not quite ready to start a collection without some basic knowledge.

Back in 1969, when my husband and I first became interested in paperweights, information was at a premium. The limited number of books about paperweights were often hard to come by. Occasionally, articles were published in magazines, and once in a while, an article appeared in a newspaper. You were lucky if you heard about the article and luckier still to find a copy! Some wonderful books were published as far back as 1940 when paperweight collector Evangeline Bergstrom's book *Old Glass Paperweights* first appeared.* In fact, many old books, paperweight journals, newspaper and magazine articles have become valuable in their own right, now sought after as collectors' items. The positive side about this paucity of literature was that you read everything you could get your hands on, good, poor or terrific. Today, even the very best of these publications, many still considered top notch, contain at least some information that could be updated and corrected as a result of recent findings. Still, many of these books and articles remain as valuable resources. Since the "Paperweight Renaissance" in the mid twentieth century, the number of available books about paperweights has increased explosively. To consider acquiring and/or reading all of them creates a heavy burden on reader, purse and bookshelf. Some are wonderful, containing well documented information; some are even extraordinary, the result of careful research; and a few are mediocre and will probably end up on the back shelf, the pages barely worn. Before a potential paperweight aficionado becomes confused or overwhelmed by the vast number of books, it seemed there was an opportunity to provide a general view of the topic that could be easily read and referred to at just the right time. It was to meet this perceived need that "Glass Paperweights 101" was written. As the title suggests, this book about glass paperweights is intended as an introduction to and overview of the subject. Should this book inspire readers to delve into these more scholarly works, I will personally consider this introductory volume to have been a great success. After digesting the contents of this purposely limited volume, I hope readers who are new to this area of collecting or perhaps just thinking about it, will be inspired to become impassioned paperweight collectors who will develop a discriminating eye. Great adventures are in store for the new paperweight collector. *This was one of the earliest books published about paperweights. Although the Bergstrom book contains many inaccuracies, considering the scarcity of

available information about paperweights at the time, it is amazing that so much that was written is correct.

The revised and updated 7th edition of the bestselling guide to easily discovering more about your Scottish ancestry. Scotland has the best-maintained records and facilities of any country in the world for undertaking family research, and now that the National Archives of Scotland are available online they can be consulted by anyone from whatever country. Tracing Your Scottish Ancestors is the National Archives' official guide and is written in an accessible style from the unique perspective of a custodian of the records. It details all the latest internet developments, including a chapter on family history on the web. It also points to more traditional resources, explaining step by step how to research records of births, marriages and wills. "Excellent help with every phase of genealogical research . . . This book will be a valuable finding aid for many people using the Scottish Record Office, and by no means only for the family historian." —Books in Scotland "Includes the sort of online sources that have transformed the field since its first publication in 1990, this guide is indispensable for the serious investigator." —The Scotsman

Take in the views and the history from Edinburgh Castle, shop, visit the queen's bedchamber at the Palace of Holyroodhouse, or stroll the ordered elegance of New Town; all with your trusted travel companion.

They Still Serve: A Complete Guide to the Military Ghosts of Britain

DragonRising Publishing

In the late eighteenth and nineteenth centuries, legions of English citizens headed north. Why and how did Scotland, once avoided by travelers, become a popular site for English tourists? In *Tourism and Identity in Scotland, 1770-1914*, Katherine Haldane Grenier uses published and unpublished travel accounts, guidebooks, and the popular press to examine the evolution of the idea of Scotland. Though her primary subject is the cultural significance of Scotland for English tourists, in demonstrating how this region came to occupy a central role in the Victorian imagination, Grenier also sheds light on middle-class popular culture, including anxieties over industrialization, urbanization, and political change;

attitudes towards nature; nostalgia for the past; and racial and gender constructions of the "other." Late eighteenth-century visitors to Scotland may have lauded the momentum of modernization in Scotland, but as the pace of economic, social, and political transformations intensified in England during the nineteenth century, English tourists came to imagine their northern neighbor as a place immune to change. Grenier analyzes the rhetoric of tourism that allowed visitors to adopt a false view of Scotland as untouched by the several transformations of the nineteenth century, making journeys there antidotes to the uneasiness of modern life. While this view was pervasive in Victorian society and culture, and deeply marked the modern Scottish national identity, Grenier demonstrates that it was not hegemonic. Rather, the variety of ways that Scotland and the Scots spoke for themselves often challenged tourists' expectations.

The Complete Guide to Perthshire Paperweights: The Final Years by Colin & Debby Mahoney and Gary & Marge McClanahan. The authors' first book, The Complete Guide to Perthshire Paperweights, beautifully documented Perthshire paperweight production up to 1997. This book fully documents the factory's production from 1997 to their closing in 2002. An added section illustrates in full color over 400 picture canes used by Perthshire. Combine this book with the first book to have a complete, full-color library of Perthshire's paperweights.

The Official Guide to the Great Western Railway Wild Things Publishing

Michael Jackson's essential read for the whiskey connoisseur-fully updated 8th edition. A new and updated edition of the classic, definitive guide to malt whiskies, originally written by the late Michael Jackson and fully updated by whiskey experts Dominic Roskrow and Gavin D. Smith. The fully revised 8th edition of the Malt Whiskey Companion will teach you everything you want to know about your favorite tippie. How should you taste a single malt scotch whiskey? Which whiskies are light and flowery, or rich and treacly? How different is a single malt scotch from a distillery in the Highlands from one from the islands? Find whiskey tasting notes on over 1,000 malts arranged from A-Z, including vintages from 1926 onward and the very latest releases. For distilleries in the New World Whiskey section, there are brand-new whiskey tasting notes. This comprehensive whiskey guide defines the characteristics of each whiskey and gives it an overall score, making it the perfect companion for keen whiskey drinkers and new converts to the wonderful world of the single malt.
