ROTH JOHN

Romeo And Juliet Seashell Publishers
This series offers an excellent introduction to Shakespeare for younger readers. The tales have been retold using accessible language and each of the eight plays is vividly brought to life for a whole new audience.

Stop the Bullying! Seashell Publishers
From the Academy Award®-winning actor, an unconventional memoir filled with raucous stories, outlaw wisdom, and lessons learned the hard way about living with greater satisfaction. I've been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced, lessons I learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more satisfaction, at the time, and still: If you know how, and when, to deal with life's challenges - how to get relative with the inevitable - you can enjoy a state of success I call 'catching greenlights.' So I took a one-way ticket to the desert and wrote this book: an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away with,

getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it's medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot's license, going to church without having to be born again, and laughing through the tears. It's a love letter. To life. It's also a guide to catching more greenlights-and to realising that the yellows and reds eventually turn green too. Good luck.

#1 New Joke Times Bestseller
@Ronaldo7Siete is serious about only one thing: he thinks he's the funniest writer at Wattpad. Of course, everybody laughs about that, but... doesn't that mean that he has a point? In 9 tragedies Ronaldo warns us about writing; he tells about his experiences and advises us: "Don't try this at home, kids." In 9 comedies you can read what happens if you don't follow that advice: you'll become the joke of the day, the absolute number 1 at the New Joke Times Bestseller list. Is Ronaldo7 really the funniest writer at Wattpad or is anyone crazy enough to accept the challenge? Is this really a bundle of 18 short stories or did Ronaldo7 trick his readers? He is, in fact, a novel writer, and he does write great plots. You have a choice: read the book, or burn it (at Fahrenheit 451 degrees). Disclaimer: The writer of this work of fiction does not accept responsibility for physical or emotional maladies that these stories might cause to readers. When you laugh so much that your face hurts, or when you fall off your chair of laughter, or even when you laugh yourself to death, the author of these stories will not pay the bills of your medical service. No animals were hurt in this book: no chicken or sparrow or mocking jay, not one of the three little

pigs, not that bird that cleans and cooks in "50 Shades of Snow White", not even the Dragon in the story "How To Kill A Dragon".

What did the Earth look like 300 million years ago? Here's a chance to travel back through time and discover the days when the Earth was a very different place. In this cleverly designed book, lifting the tracing paper pages is like peeling back the layers of history, allowing readers to compare animals living in prehistoric landscapes with the fossils they left behind. The changing face of our planet comes to life, while the science behind the Earth's geology and climate is clearly explained. Packed with fascinating illustrations, this is a wonderful way to understand the story of evolution, from the earliest single-cell lifeforms to the mighty dinosaurs and

onwards to the first human beings.

An international bestseller with tremendous word-of-mouth appeal, *Follow Your Heart* is a bittersweet, heartwarming novel spanning generations and teaching the universal truths about life, love, and what lies within each of us. Originally published in Italy, *Follow Your Heart* won the coveted Premio Donna Citta di Roma and sold over 800,000 copies in that country alone before hitting bestseller lists throughout the rest of Europe. Now North American readers can enjoy the novel that has won over the world. It begins in late autumn 1992 as an elderly Italian woman, prompted by the knowledge of her encroaching death, sits down to write a letter to her granddaughter now grown and living in far-off America. Through these moving reflections, we see one life laid bare-- joys, sorrows, regrets, and all. And through the eyes of a woman nearing the end of her days, we come to understand what life experience has taught her: that no matter what the stakes, we must look within ourselves and gather the courage to follow our hearts.
