Covering everything from Hollywood films to Soviet cinema, London's queer spaces to spaceships, horror architecture and action scenes, Screen Interiors presents an array of innovative perspectives on film design. Essays address questions related to interiors and objects in film and television from the early 1900s up until the present day.

Authors explore how interior film design can facilitate action and amplify tensions, how rooms are employed as structural devices and how designed spaces can contribute to the construction of identities. Case studies look at disjunctions between interior and exterior design and the inter-relationship of production design and narrative. With a lens on class, sexuality and identity across a range of films including *Twilight of a Woman's Soul* (1913), *The Servant* (1963), *Caravaggio* (1986), and *Passengers* (2016), and illustrated with film stills throughout, *Screen Interiors* showcases an array of methodological approaches for the study of film and design history.

The Emmy-nominated star of the classic 1950s sitcom *I Married Joan*, Joan Davis (1912-1961) was also radio's highest paid comedienne in the 1940s—and she displayed her unique brand of knockabout comedy in more than forty films. This book provides a complete account of her career, including a filmography with critical commentary, and the most detailed episode logs ever compiled for her radio and television programs. A biographical chapter offers never-before-published information about her family background, marriage to vaudeville comedian Si Wills and

Lucille Ball's comic genius made them famous, but many of the unforgettable plot lines for *I Love Lucy* came from the life of their writer, Madelyn Pugh Davis.

In *Laughing with Lucy*, Davis and her long-time writing partner, Bob Carroll Jr., recount her rise in television and her many years working on the set and behind the scenes with Lucille Ball and Desi Arnaz. Lighthearted and witty, this book offers a trip back in time to the tumultuous early days of television.

This text seeks to offer a new theory of narrative in its uncovering of how conversations and comic interchanges between lovers in stories create an intimacy and happiness of the everyday. Drawing on a diverse body of theory (from sociolinguistics to philosophy to literary criticism) and reading an unexpectedly eclectic group of texts (works by Shakespeare and Tolstoy appear beside *Casablanca* and *I Love*

Lucy) Kay Young explores how narrative couples play together, struggle together, and return to one another to experience what it means to be in a relationship over time.

Bringing together seventeen original essays by scholars from around the world, Screwball Television offers a variety of international perspectives on *Gilmore Girls*. Adored by fans and celebrated by critics for its sophisticated wordplay and compelling portrayal of a mother-daughter relationship, this contemporary American TV program finally gets its due as a cultural production unlike any other, one that is beholden to Hollywood's screwball comedies of the 1930s, steeped in

intertextual references, and framed as a "kinder, gentler kind of cult television series" in this tightly focused yet wide-ranging collection. This volume makes a significant contribution to television studies, genre studies, and women's studies. *Screwball Television* seeks to bring *Gilmore Girls* more fully into academic discourse not only as a topic worthy of critical scrutiny but also as an infinitely rewarding text capable of stimulating the imagination of students beyond the classroom.

With an off-putting title and a decidedly retrograde premise, the CW dramedy *Crazy Ex-Girlfriend* is a surprising choice for critical analysis. But, loyal viewers

quickly came to appreciate the show's sharp cultural critique through masterful parody, and this strategy has made it a critical darling and earned it several awards throughout its run. In ways not often seen on traditional network television, the show transcends conventional genre boundaries—the Hollywood musical, the romantic comedy, the music video—while resisting stereotypes associated with contemporary life. The essays in this collection underscore the show's ability to distinguish itself within the current television market. Focusing on themes of feminism, gender identity, and mental health, contributors explore the ways in which the show challenged viewer expectations, as well as the role television critics play in identifying a

show's "authenticity" or quality.

Ordinary Pleasures ABC-CLIO

The cultural historian and author of *Atomic Spaces* offers a comprehensive account of the Baby Boomer years—from the atomic age to the virtual age. Born under the shadow of the atomic bomb, with little security but the cold comfort of duck-and-cover drills, the postwar generations lived through—and led—some of the most momentous changes in all of American history. In this new cultural history, Peter Bacon Hales explores those decades through a succession of resonant moments, spaces, and artifacts of everyday life. Finding unexpected connections, he traces the intertwined undercurrents of promise and peril. From newsreels of the first atomic bomb tests to the invention of a new ideal American life in Levittown; from the teen pop music of the Brill

Building and the Beach Boys to Bob Dylan's canny transformations; from the painful failures of communes to the breathtaking utopian potential of the digital age, Hales reveals a nation in transition as a new generation began to make its mark on the world it was inheriting. *Outside the Gates of Eden* is the most comprehensive account yet of the baby boomers, their parents, and their children, as seen through the places they built, the music and movies and shows they loved, and the battles they fought to define their nation, their culture, and their place in what remains a fragile and dangerous world.

A new edition that brings the ways we watch and think about television up to the present We all have opinions about

the television shows we watch, but television criticism is about much more than simply evaluating the merits of a particular show and deeming it "good" or "bad." Rather, criticism uses the close examination of a television program to explore that program's cultural significance, creative strategies, and its place in a broader social context. *How to Watch Television, Second Edition* brings together forty original essays—more than half of which are new to this edition—from today's leading scholars on television culture, who write about the programs they care (and think) the most about. Each essay focuses on a single television show, demonstrating one way to read the program and, through it, our media culture. From fashioning blackness in *Empire* to

representation in Orange is the New Black and from the role of the reboot in Gilmore Girls to the function of changing political atmospheres in Roseanne, these essays model how to practice media criticism in accessible language, providing critical insights through analysis—suggesting a way of looking at TV that students and interested viewers might emulate. The contributors discuss a wide range of television programs past and present, covering many formats and genres, spanning fiction and non-fiction, broadcast, streaming, and cable. Addressing shows from TV’s earliest days to contemporary online transformations of the medium, *How to Watch Television, Second Edition* is designed to engender classroom discussion among television critics of all

backgrounds. To access additional essays from the first edition, visit the full list here bit.ly/HowToWatchTV2e.
